

JOSE Hubalek

Full-Stack DEV, WEB DESIGN, ARTS

About ME

Junior Front-End Developer trained in React, HTML5, and CSS. Leverages 3+ years in business/construction for precision, ownership, and delivery. Builds responsive, accessible UIs with component-driven React and modern CSS (Flexbox, Grid). Collaborative, user-centric with UX/UI foundations; skilled in GitHub/Copilot for iteration. Ready for front-end contributions and full-stack growth. Leading Zion Blockchain: TestNet v2.9 "Quantum Leap" launched (90% ready), AI/DAO integrated, quantum-secure cross-chain; advancing to Native rebuild in 2026/27.
